

3 Mission

The mission of Bilthoven Biologicals B.V. is to contribute to global healthcare through (contract-) manufacturing of biopharmaceuticals with an accent on vaccines and with a focus on quality, sustainability and client orientation.

4 QHSE policy

To fulfill her mission in a proper way, the management of Bilthoven Biologicals B.V. has committed herself to the following QHSE statement:

Compliance to regulation:

BBio BV will endeavor to comply with applicable legislation, rules, registration dossiers, licenses, contracts and the company policy. Our company policy is focused on safety and efficacy of our products. To fulfill our company policy the requirements stated in the Marketing Authorisation and GMP regulations are fully embedded in our processes.

Bilthoven Biologicals B.V. has chosen to certify her QHSE management system according to ISO 9001 and 14001.

Prevention and Continuous improvement:

Within these regulations, Bilthoven Biologicals B.V. is aimed at enhancing the quality and availability of our products for her customers in the interest of public health. By monitoring her processes and products, Bilthoven Biologicals B.V. continuously improves the QHSE management system. Bilthoven Biologicals B.V. also seeks to prevent and continually reduce the environmental impact and reduce health risks to employees and people living near the facility.

Company culture:

Bilthoven Biologicals B.V. employees are aware that by producing biopharmaceuticals they fulfill a social responsible task. Delivering quality and service is enhanced by transparency and clear communication to the customer and all other stakeholders and has the highest priority. Customers can rely on timely delivery of our high quality products based on a transparent planning and lead times.

Bilthoven Biologicals B.V. is a small multidisciplinary organisation with motivated, results-oriented employees who work together with a positive, flexible attitude. Bilthoven Biologicals B.V. is an attractive employer that employees are proud of. The management style is based on empowering employees by delegating tasks and responsibilities.
